

I am a 20-year resident of Cincinnati, I have listened to K-Love on a regular basis since 1990. K-Love is a family-values, encouraging, positive Christian music station that fills a niche in our community not served by our local Christian station. Since K-Love is a contemporary music station, it reaches the pre-teen and teen-age youth in our community without profanity, sexual innuendos, r-rated advertising and alcohol and drug-related messages that permeate the other local stations. It is a joy to be able to transport a carful of children throughout the community without having to continually adjust the volume for inappropriate messages. Thank you for considering the positive influence K-Love contributes to our local community.
as well as their parents.
